To: Hamid Baeidinejad, Iranian ambassador to the UK, iranemb.lon@mfa.gov.ir

Many worker, social, and political activists in Iran have been jailed in recent months. These include including Esmail Bakhshi, a worker and strike leader at the Haft Tapeh sugar factory, and Sepideh Gholian, a journalist and prominent supporter of the strike, both in jail since January 2019. We call for their immediate release.
