

INTERNAL BULLETIN 127

National Committee July 15: brief minutes

National Committee July 15: order paper

Conference June 30- July 1: summary of decisions

Ellis: 'Anti-Zionism, Anti-Semitism, and the Israeli-Palestinian Conflict'.

Note: Apologies are due for delay in getting this material out. Two other articles for the Internal Bulletin are in hand and will be produced soon: 'Goodbye to all that' (French) and 'The WSL, Imperialism and War' (Scott).

A draft document has also been written, by Kinnell, on theories of imperialism and industrialisation in the Third World. It is too long to put in the IB, but it should be possible to make a few extra photocopies for comrades who are interested. Write to the centre.

Further contributions to the IB to the centre, please, typed A4 on Roneo stencils if possible.
