

Resolution for September 5th NC - proposed by Parsons and Oliver

This NC agrees with the EC proposal to postpone the National Conference scheduled for November.

We do not feel that it is possible to take a decision on the new date until a full discussion has taken place.

We instruct the EC to bring to the next NC a detailed plan for the conference which includes

- a) a date and timetable for discussion
- b) a proposed agenda
- c) a proposed venue which as far as possible should be of the excellent standard of this years summer school and preferably be sited on the coast.

In order to give the EC extra time to do this and also to allow us to discuss the proposals from the Women's Commission on our work in WF and to discuss the witch-hunt in the light of the Conference we postpone our scheduled Sept. 18th meeting until October 3rd.
